

WHO IS A “MINISTER”?

PASTORS

They practice the *ministry of identity*.

Their work is among believers, as internists in Christ’s body.

They are called to teach us about our potential in Christ.

We need this ministry to prevent *amnesia*—

That disease of the mind that causes us to forget

who we are as a Christians.

WE ARE MINISTERS, TOO!

We are called to practice the *ministry of vitality*.

Our work is in the world, as a farmer, a soldier, an ambassador. We are called to be salt, light and leaven in a sick and broken world—Monday through Saturday.

The world needs this ministry to protect it from *anemia*—

That disease of the blood that slowly robs the system of its health.

ALL CHRISTIANS ARE IN MINISTRY!

Pete Hammond
